## Branding and Identity ►

A brand is a set of marketing and communication methods that help to distinguish a company from competitors and create a long lasting impression in the minds of customers.

Branding is one of the most important aspects of any business, large or small. A brand identity is larger, distinct visual look that is associated with a company.

A company's brand identity is how that business wants to be perceived by consumers. The components of the brand (name, logo, tone, tagline and typeface) are created by the business to reflect its value and the company is trying to bring to the market and to appeal to its customers.

We assure you that we will create a long lasting impression in customers with our unique branding and identity services for your business.

### PROMOTIONAL SIGNS ▶

We Support your sales team with promotional signs that attract people and prime them to make a purchase. Playful or professional, the right promotional signs can pack a visual punch that will stop people passing you by. Whether it be high impact trade show installations or a handful of flags adding interest to your fence, we will help you choose promotional signs that are right for you.

1. Banners & Flags
2. Exhibition Signage
3. Pull-up ( Roll Up) Banners
4. Popup Banners
5. Vinyl Banners
6. Teardrop Banners

### 1 . Glow Sign Boards (Light Boxes)

“Shine a light on your brand”  
Like magpies and shiny objects, the human eye is delightfully drawn to light. Lightbox Signs are a uniquely effective way to brand and draw attention to your business 7/24. Great for under awnings in high-traffic areas, making you easy to find from the street or the road. Inside they can highlight your brand above counters and reception areas.

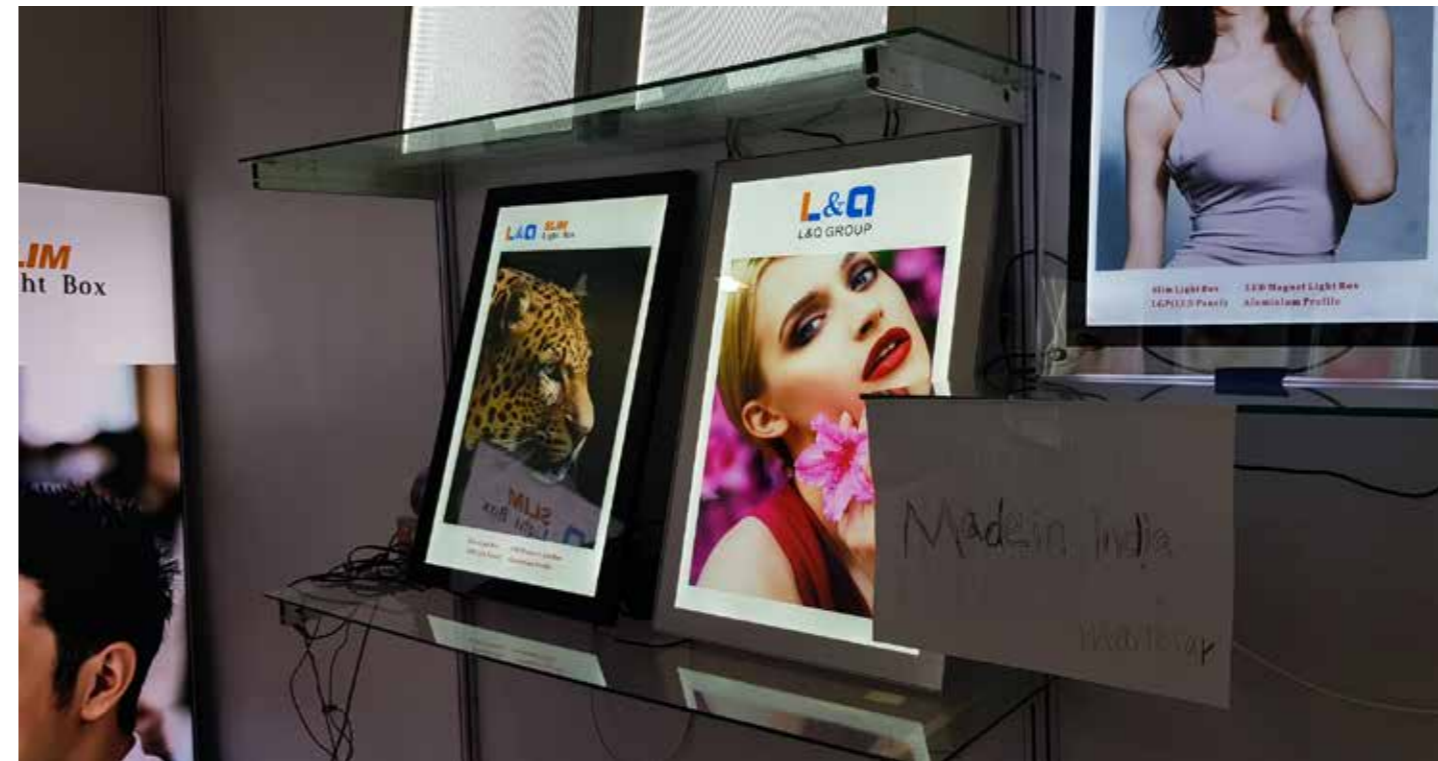

Giving your brand a polished professional look. Digitally printed translucent graphics illuminated and with opal acrylic or polycarbonate faces, light boxes are an extremely flexible format that is custom built to your specifications.

We can supply light boxes in all formats, from slimline edge lit for retail display to double-sided under awning light boxes, wall-mounted light boxes, and flexface illuminated billboards.

Not only we can design and build your light box or illuminated sign, we can install and connect as well, using our electricians.

#### Single or Double Sided

Graphics on one or both sides, depending on placement of sign.

## 2. LED sign boards ▶

Add a little something to your sign  
The prominence of backlit, 3D lettering creates an extra dimension to your business signage. Affordable LED lighting can be added to the back of your sign to give a halo effect. Attracting more attention and creating a high end look.

## 3. Wayfinding + Safety ▶

Help your customers find their way  
When it comes to your business, wayfinding and safety signs are a necessity to ensure you meet regulations and allow your customers to find you. All your customers think differently, so they need visual cues such as maps, directions, and symbols to help guide them to their destinations. In high-stress environments, effective wayfinding systems contribute to a sense of well-being, ease, and safety. Our signage teams will work closely with you to ensure your wayfinding signage is clear, strategic, and workplace compliant.

## Responsive design, expect nothing less than perfect.

Web development broadly refers to the tasks associated with developing websites for hosting via intranet or Internet. The Web development process includes Web design, Web content development, client-side/server-side scripting and network security configuration, among other tasks.

Many people surf the web in the evening when most businesses are closed, which is perfectly fine because websites never take a break. A website will allow your business or organization to be open 24 hours a day, 7 days a week, 365 days a year. Having a website is the equivalent of having an employee working around the clock - even weekends and holidays!

**We offer Content Management Systems (CMS) for websites and custom solutions that transform your ideas into digital form.**
